The Blacks vs. the Whites.

Augustus P. Dorsy (or D'Orsey) a dandified negro from Boston, addressed a clan of colored people in Seventh St. near South yesterday afternoon. The subject of his discourse was the superiority of the Africans over the "pale, puny descendants" of the Angle-Sazons. Our colored Chevalier D'Orsey averred that all black animals are superior to white ones. "Black horses make the best racers, black dogs make the best hunters, black cats the best mousers, black roosters the best fighters and breeders-and so black men excelled in these particulars. But the white people," said he, "pretend that the colored people have a strong smell. I do not wish to deny itthe colored folks are strong, everyway. A flea is the strongest quadruped on the face of the earth, considering his size-and the flea is black. That's the reason he is persecuted, my respected hearers. But the flea shows his persecutors that he can bite, if he is black. Black men can bite, toothey've got first-rate teeth," continued the Ethiopian Tully, grinning at the same time to show his own mouth was furnished.

"Everything," resumed the orator, " is said against the colored population, that can be said. They call us thieves! Upon my word and honor as a gentleman, I've never known a cullud pusson to steal anything in my life. I'd trust him with bushels of diamonds or gold rings, uncounted. Yes, indeed, gentlemen and ladies, I'd trust a cullud pusson forty miles, where I'd not trust a white man the length of a rope to hang him with."

Here the speaker seemed much affected; he put his hand in his coat-tail pocket, as If to feel for his handkerchief-looked frightened-then tried another pocket, and broke out with the exclamation, " Which of you black sarpents has hooked my new bandanna, that cost me six shillings in New York last Saturday ? You're totally corrupted and wishisted by soshisting with the white class, and 'tending on the *malgamation meetings. Jest you hand back that silk hankercher, or I'll give the Philadelphy niggers a bad name when I go back to Bosting." The polite colored audience not liking this coarse inuendo fell on orator D'Orsey, en masse, who was only delivered from their hands by one of the despised Anglo Saxon race, viz. a policeofficer. - [Philad. Pennsylvanian, Feb. 22.]

A small boy went into the Philadelphia Navy Yard, a short time since, to pick up some chips. A certain Captain passing a that moment, bravely wrested the basket from the boy, thundering curses in his ears. The boy looked up with something of disdain, exclaiming, "Keep it, sir, keep is the only prize you ever to

There are some political spouters and editors, who, if Satan himself were "regularly nominated" for an office, would bawl out, "Horra for Old Nick!" hide his horns under a broad-brimmed hat, case his hoofs in Prench boots, curl up his tail beneath a eack cost, and swear roundly that he was a Christian and a gentleman!

The Norfolk Herald has a Mrs. Partingtop, who went recently to see the cadets parade. She thought they made "a very millinery appearance"-"almost perpendicular to regulars."

Important Information! OR the difficult respiration and debilits attending diseases of the Lungs, or Throat and Breast, Thomson's Compound Syrup of Tar and Bood Naptha has been found an invaluable remedy. Besides its power as an Expectorant to relieve the lungs from the accumulated matter which results from the relaxed state of the system in hot weather, it also acts as a healing balm to the ulcerated parts and a strengthener to the system.

So salutary is the action of the Syrup in this respect, that many of our most respectable Physicians employ it in their practice, and we have daily evidence of cures effected in pulmonary diseases where skill has utterly failed.
